VERSION 0.36

NEW CONTENT

- University of Magic:
  - Day 2 is finished, explore every location before moving on to the next day.
  - Day 3. A few scenes are still missing after classes.
  - There's a new system to make potions, you will discover it in Virgil's class.
- **CHARACTER EXTRA CONTENT.** The winner of the last poll was Rylan, so he got a little more content, BUT this content is not what I planned, so he'll get more in the next versions.
- **IMPORTANT WARNING FOR TIER WEAVER** - If you played the alpha I recommend you to load a previous game, since I added more content in Day 2 and 3.

ART

- New character: Hareldir
- New screen: Alchemy Workbench.

BUG FIXES

- Some minor bugs have been fixed here and there.

That's all. Hope you like it. Merry Christmas and happy new year!
