Version 0.51

IMPORTANTE NOTE:

I’ve been receiving some messages from players who play with she/her prons and aren’t seeing them correctly. I think I mentioned this before, but I’ll explain it again: A few updates ago, I had to change the variables used for pronouns. To update this in a game you’ve already started, you’ll need to go to the mirror in the captain's room to change your appearance. Confirm that your pronouns are set correctly and confirm the changes. This will update the variables. If this doesn’t fix the issue, please contact me on Discord, or in the comments section below.

NEW CONTENT

- The following WIPs have been completed:
  - Sex scenes after the fight with Edward in the mud during the Orpheus Festival. Sub scene if you lose, dom scene if you win (top and bottom).
  - Orpheus Festival > Gabriel > All Wip's completed (Stories by the Bonfire and the scene at the end of the night).
  - At Riordan's house. The sex scenes with Rylan after using the healing spell on Riordan > Rylan > Suck Riordan's Dick (neutral, bottom, dom top, and strap-on variations).
- Now we can travel to the Scattered Archipelago from the Urukai main menu after accepting Q'lan's mission. In this section, we'll meet Mako, there isn't much else to do for now.
- Extra Content Character : Rylan. You can now go on a second date with Rylan. Requirements:
  - Have completed the first date.
  - Have killed Arihama and talked to Rylan about it.
  - Have at least 20 friendship and love points with him.
  - You must leave the captain’s room while on Sithyrya between 7 am to 7 pm to trigger it. Once done, you can repeat it in his room while on Sithyrya.

MINOR CHANGES

- Saevel did not appear in the contact list (diary screen > love tab). To add him, go to the fraternity and select “Saevel.”
- Added new Sammuel's sprite to the scene with Sammuel, Arthur, Rylan, and Katari in the dining room when retreaving jars of cum from the fridge (bottom players).

BUG FIXES

- Saevel sprite remained on screen after helping him with potions.
- Options to have sex with Charles as bottom were available for top players.
- Iacchu's Roulette at the Orpheus' Festival could be played more than once.

ART

- New Character: Mako

Revision #1
