

Akra Missions (Second Visit)

After the events on Sithyrya, returning to Akra unlocks the second floor and a host of new quests, characters, and locations. The main conflict revolves around two powerful corporations, Biotech (led by Holoryx) and New Life (led by Nikolaos).

Accessing the Second Floor

To access the second floor, you first need to complete the **A Battle for Power** questline on the first floor. After the quest is resolved (either by siding with Galiano or Garth), you can use the main elevator in the commercial district to ascend. *(Note: If you spared Garth instead of killing him, you must pass a **Cunning** check to successfully lie and hide this fact from Galiano and Zavx).*

Zones of Akra (Second Floor)

The second floor is divided into several districts and key locations:

Commercial District

This is the central hub of the second floor.

- **New Life Offices:** The headquarters of Nikolaos's corporation. You will visit this location during the "Clash of Corporations" and "Save Seline's Son" quests.
- **Biotech Offices:** Holoryx's base of operations.
- **Elevator:** Provides access to the other floors of Akra.

The Pulse Nightclub

A popular nightclub on the second floor.

- **Meet DJ Kafka:** You can interact with the DJ.
- **Fun Scene (Dominant Roles):** If you have high respect in Akra, you can find a submissive patron in the dark room. This leads to a scene where you can dominate and engage in watersports with him.
- **Fun Scene (Submissive Roles):** If you have low respect, you may be cornered by a group of patrons in the dark room, leading to a gangbang scene.
- **Meet Diego Cortes:** Can be either a Dominant or Submissive partner.

Thuul's Penthouse

You can visit the penthouse of Thuul, the Verdanti owner of an exotic food company. The penthouse operates under a strict set of 15 Master/Slave rules, such as Rule 10 which requires you to always be naked indoors.

- **Fun Scene (Bottoms):** If you are playing a bottom role, after completing a hunt, Thuul will offer a "special reward." Accepting leads to a detailed sexual encounter where he uses his plant-like appendages to explore your body.
- **Fun Scene (Tops):** If you are a top, you can choose to dominate Thuul. This involves a scene where you can use one of his own plant creatures (a "Grasper") to restrain him before engaging in a sexual encounter.

The Silky Blindfold

The Silky Blindfold (TSB) is an exclusive BDSM club run by Master X (Xperiment). You will visit this location as part of the **Save Seline's Son** quest.

- **Bottom/Submissive Entry Route:** If you enter submissively or get captured, you will be blindfolded, stripped, and forced to swallow relaxant pills. You are bound by the club's rules to crawl on the plush burgundy carpets and can be locked into mechanical restraints in the bathroom to be used as a urinal by Grikari and other alien patrons.
- **Meeting Xperiment:** You must speak with Xperiment, the club's owner, to gain information about Levi. Your dialogue choices will affect your interaction.
- **Fun Scene with Levi:** After speaking with Xperiment, you will find Levi. You have the option to engage in a sexual encounter with him. The scene varies based on whether you are dominant or submissive. ** Dominant Route: You can choose to dominate Levi, leading to a scene where you fuck him. ** Submissive Route: You can allow Levi to dominate you.
- **Freeing Levi:** To free Levi, you must convince Xperiment.

Main Quest: Clash of Corporations

“ **Type:** Main

Location: Akra

Objective: Play a role in the conflict between two powerful factions, New Life (Nikolaos) and Biotech (Holoryx), to determine Akra's future.

Trigger: This quest is initiated by a conversation with Holoryx on Akra's second floor after completing **[A Battle for Power](./A Battle for Power.md)**.

Tasks:

- Accept Nikolaos's proposal and play both sides.
- Put Galiano in jail.
- Talk to Garth.
- Start a revolution in the city or stop it.

Siding with Holoryx

If you choose to work with Holoryx, your main task will be to sabotage Nikolaos and New Life. Holoryx will ask you to steal a key item from the New Life offices. This path involves stealth and combat against New Life Sentinels.

Siding with Nikolaos

Nikolaos presents himself as a man of the people and asks for your help in exposing Holoryx's corrupt dealings. This path involves gathering evidence and inciting a popular revolution against Biotech.

Side Quest: Find the Praharma of Akra

“ **Type:** Side

Location: Akra

Previous: Kill the Warlord

Objective: Find and confront a powerful being, a Praharma, who lives at the top of Akra's social hierarchy.

Trigger: This quest becomes available after the Warlord is defeated on Sithyrya and you gain access to the second floor.

Tasks:

- Find a way to access the third floor of Akra. The tycoons in the restaurant can grant you access if you help them.
- After gaining access, you will be contacted mentally by the Praharma, Phobos, who threatens to destroy the city if you approach. You must then find another way to reach him.

Side Quest: Save Seline's Son

“ **Type:** Side

Location: Akra

Objective: Find and free Levi, Seline's kidnapped son.

Trigger: This quest is likely triggered by a conversation with Levi's mother. This quest will lead you to The Silky Blindfold club.

Tasks:

- Go to the New Life offices in the commercial district and ask for Levi.
- Try to get the information by unorthodox means.
- Find the TSB (The Silky Blindfold).
- Speak to Levi.
- Find a way to free Levi.

Character Encounters & Stores

Zavx

Location: Thuul's Penthouse (Akra Second Floor). **Role:** Slave / NPC.

Zavx is an 18-year-old dark-blue Xeonian slave encountered in Thuul's domain. He is referred to as "The other slave" in variables.

- **Interaction:** You can interact with him during visits to Thuul. If he believes you killed Garth, he will be hostile. Offering a sincere apology ("I'm sorry, I really am") reduces his hostility and increases **Friendship**.
- **Recruitment/Freedom:** While you can express interest in him, full recruitment depends on your standing with Thuul and specific dialogue choices regarding his "ownership."
- **Romance/Sex:** Scenes are available if you gain access to him (often involving Thuul's "sharing" dynamic). If you play the submissive route, Thuul grants Zavx permission to use you as a "slave's slave," leading to scenes where you are forced to do his chores on all fours and he visits your room at night.
