“ In my absence my kingdom will have been taken over by another prince, or another demon will have ascended.

Appearance

A strikingly gorgeous demonic entity with ethereal features. His unique demonic anatomy features two fully functional cocks—an upper phallus and a lower cock.

Personality

Asmodeo is arrogant, manipulative, and incredibly demanding. As a prince of Gehenna, he views mortals as playthings and adamantly refuses to do "demeaning tasks" like cleaning dishes or sweeping the floor. He expects to be surrounded by slaves and demands 1,000 gold coins if forced

to go on a mission.

Story

"With the last glimmer of magic he had left, Asmodeo tracked your essence to the ship. Seeking to restore his demonic powers and eventually return to Gehenna to reclaim his throne, he joins your crew. However, he refuses to sleep in the dormitories and illegally commandeers a private room as his personal royal chamber."

Spicy Scenes

- **The Group Bath:** In the main hallway of the ship, Asmodeo joins Bradley, Rylan, and Arthur to surround you. You are forced to your knees to service all of them simultaneously, taking both of Asmodeo's cocks into your mouth while the group unloads all over you.
- **Hypnotizing Rylan:** You can catch Asmodeo stark naked in a private room with Rylan. Rylan's movements are mechanical and his gaze is lost as Asmodeo hypnotically forces the spy to massage his upper phallus and suck his lower cock.
- **The Chastity Punishment:** Asmodeo can lock your member in a metal chastity cage. He enjoys leaving his slaves on the edge of frustration, forcing you to beg for relief and demanding you address him as "My Lord".
- **The Orpheus Festival:** If you take him to Harmonia, he will demand you worship him publicly in the middle of the festival plaza. Using his demonic powers, he projects an aura of pure lust that causes the entire festival to devolve into a massive, uncontrolled orgy while you suck him off.

How to romance him?

Asmodeo's dynamic revolves entirely around servitude, corruption, or reversing his arrogance through blackmail.

- **Submissive Route (Serving the Demon Prince):** Give in to his demands. Accept your role as his "cumslut" and address him as "My Lord". Allow him to tie you up, edge you, and humiliate you. In Harmonia, eagerly obey his command to service him publicly in front of the festival crowd.
- **Dominant Route (Blackmailing Asmodeo):** You can actually turn the tables on him by threatening his living situation. Because he hates the idea of sharing a cramped dormitory with the rest of the crew, you can blackmail him with his private room. Threaten to revoke his privacy unless he submits to you. Though he verbally hates it, his dual cocks will betray his arousal as you forcefully push his face down and make him service you.
