“ If we don't pass this Alchemy exam, Virgil is going to fail us both.

Appearance

A diligent, somewhat stressed university student wearing the standard robes of the University of Magic on Harmonia.

Personality

Damien is studious and anxious but incredibly eager to please. A self-proclaimed "magnet for trouble" with a tragic past (losing both his parents to disease and poison), he barely scrapes by as an apprentice mage. Beneath his shy exterior, he is a massive submissive who actively, subconsciously puts himself in compromising situations just so he can be used and rescued.

Story

"Damien is a fellow student you meet after enrolling at the University of Magic on Harmonia. Bonding with him over difficult coursework provides a much-needed distraction, though his submissive tendencies often lead to him getting bullied or used by others, requiring your intervention."

Spicy Scenes

- **The Bathroom Rescue:** Damien is caught naked in the university showers being bullied by Saevel and Krixus. You can step in to save him—or turn the tables and brutally humiliate the bullies in front of him, which highly arouses him.
- **The Hollow Trunk:** During Virgil's potion ingredient gathering task in the forest, Damien "gets stuck" inside a hollow tree. Knowing he's faking it, you can take advantage of the situation to strip him and fuck his ass right there in the woods.
- **The Orpheus Festival:** You can take him to the Orpheus Festival. You can pay tickets to have your fates read by a seer or participate in the Trial of Secrets, leading to an intimate romantic/sexual encounter by a secluded waterfall.
- **The Shop Counter:** If you visit the Wacky Wares Emporium, you can catch Damien happily performing a sonorous blowjob on a naked Flynn right at the counter.

How to romance him?

Damien offers a highly submissive, low-stakes romantic progression.

- **Building the Bond:** Help him pay his tuition and partner with him during your magic classes.
- **Dominant / Top Route:** Take charge of his situations. When he "accidentally" gets stuck in the woods, spank his bare ass and fuck him. He craves a dominant figure who will see through his "accidents" and claim his body as property. You can even force him to walk around with your cum drying on his chin as a mark of ownership.
