Elion

Elion

Property	
Age	Elderly
Birthplace	Luxina
Occupation	Beggar / Patron
Recruitable	No
Species	Luxurian
Dick Size	Thick / Meaty ("thick purple meaty rod")
Relationship	Secret FWB / Hypnotic Dominant
Role	Versatile Switch (Dominant/Submissive, Top/Bottom)

> “ Mhh... Once you've tasted the father you can't resist going back for more, huh?

Appearance

An old Luxurian with white hair and a stubble, often dressed in tattered, filthy rags when drinking at the club, resembling a "sad hobo". However, beneath the depressed exterior is a surprisingly muscular, well-defined torso featuring hard abs, hairy pecs, and a remarkably thick, purple phallus.

Personality

In public, Elion acts like a deeply depressed, broken man who spends all his son's money on alcohol to forget his wife abandoning him. In private, however, he is highly cunning, sexually adventurous, and possesses dangerous Luxurian hypnotic commands that he uses to manipulate and dominate

his partners.

Story

"**Elion is Egon's father. While he initially appears as just a tragic beggar at Galiano's club, interacting with him reveals a man who uses his pitiful exterior to get what he wants, ultimately leading to highly illicit and secretive encounters behind his son's back.**"

Spicy Scenes

Elion offers a highly versatile set of scenes depending on whether you take a dominant/top or submissive/bottom role:

Submissive / Bottom Encounters:

- **Under the VIP Table:** While working a bar shift, you can find him drinking alone in the VIP section. If you choose to get under the table, you can pleasure his cock while the rest of the club operates normally around you.
- **The Hypnotic Trap:** If you sneak into his bedroom at the apartment and try to take a sip of his whiskey, he catches you. He uses a Luxurian "hypnotic command" that forces your arms and legs to move on their own. Completely unable to resist, he forces you to your knees, spits his whiskey into your mouth, makes you swallow it, and commands you to "take care of my dick".
- **The Sneak Suck (Unknowing Egon):** When Egon invites you to his condo and goes to the kitchen to cook lunch, you can sneak into the master bedroom where Elion is sleeping naked. You can wake him up by sucking his cock. He forces you to swallow his seed while reminding you to stay quiet so his son doesn't hear.

Dominant / Top Encounters:

- **On the VIP Table:** While working the bar, you can sit on the table and offer him your crotch. You can force his jaw open and shoot your cum directly into his mouth.
- **The Chest Cumshot:** While he sleeps in the condo, you can mount his chest and massage his hairy pecs. You squeeze his muscles together to gain friction, using his chest to edge yourself before cumming all over his face.
- **The Sneak Fuck (Sleeping Daddy):** You can sneak into his room and brutally fuck his ass while he's sleeping. You hammer his prostate until he moans loudly. When he gets too loud, you can dominantly whisper, "*Don't yell so loud daddy, you're gonna wake up your son.*" The scene ends with you pulling out and showering his chest in your seed, leaving him covered in both your cum and his own.

How to romance him?

Elion is not a traditional romance option; he is an illicit, taboo encounter centered entirely around betraying Egon.

- **Submissive Route:** Elion will naturally take control if he catches you slipping up in his bedroom. You must submit to his psychic commands, letting his Luxurian mind-tricks freeze your body and dictate your movements.
- **Dominant / Secret Route:** You must initiate the encounters boldly (like sitting on the VIP table or sneaking into his bedroom to fuck his ass). He thrives on the danger of getting caught by his son, actively encouraging you to be his dirty little secret.
