Birthplace	Unknown
Occupation	Gang Leader / Whorehouse Owner / Mayoral Candidate
Recruitable	No (Location-bound)

“ In a world where everything is violence and death, it's natural to cling to what's easiest, instead of fighting to change it.

## Appearance

A massive, intimidating blue alien who possesses four eyes, which grant him the ability to see heat signatures and peer through thin walls—skills he finds "very useful for hunting." He is heavily muscled, and beneath his clothes, he has a normal-sized cock lacking a foreskin that constantly secretes a thick, natural white lubricant.

## Personality

Unlike the purely ruthless Galiano, Garth is a highly ambitious gang leader who genuinely believes he can change Akra for the better. He runs a whorehouse but harbors political aspirations, aiming to become the Mayor of Akra to clear the streets of drug addicts and corruption. Despite his noble goals, he is entirely willing to play dirty—bribing police, smuggling drugs, and orchestrating heists—if it serves his greater vision. He can be both a strict Master and a willing Submissive, depending on how you treat him.

## Story

**"Garth is a powerful gang boss on the first floor of Akra Leuka and a direct rival to Galiano. He manages the local Whorehouse and is orchestrating a complex, multi-step plan to run for Mayor and reshape the city. You can choose to help him overthrow Galiano during the 'A Battle for Power' questline and assist in his corrupt political campaign."**

## Spicy Scenes

Garth offers a variety of scenes depending on your role (Top/Bottom) and dynamic (Master/Slave):

- **The Whorehouse Accounting (Submissive):** If you agree to be his slave, Garth will use you casually while doing his paperwork. You must swallow his thick, glue-like semen, which sticks to the roof of your mouth, while he continues his accounting duties.
- **The Cyber-Thug Threesome (Submissive):** Garth can invite one of his half-machine Cyber-Thugs to join. Garth takes your mouth while the cyborg ruthlessly ravages you from behind, treating you as a disposable gang toy.
- **The Police Bribe:** During his mayoral campaign, you may have to negotiate with the corrupt Chief of Police. This can result in you being locked in an interrogation room and gang-raped by the entire police force as "payment" for the truce.
- **Fucking the Boss (Dominant/Top):** If you take a dominant role, you can push the blue alien down and fuck his ass. You can also engage in a threesome where you and Garth tag-team and ravage one of his own thugs from the front and back.

## How to romance him?

Garth's "romance" is intertwined with his political ambitions and the power struggle of Akra.

- **The Alliance:** During the "A Battle for Power" questline, side with Garth instead of Galiano.
- **The Mayoral Campaign:** Support his bid for Mayor. Help him execute his dirty plans, including the Ethereum heist, bribing the police chief, and smuggling drugs

("Rattlesnake") to secure his political power.

- **Submissive Route (The Slave):** Tell him you want him to be your Master. He will warn you that he will be "a very serious master," expecting total obedience. Allow him to use you in front of his gang and swallow his thick jizz without complaint.
  - **Dominant Route:** Garth is surprisingly receptive to being dominated. If you assert control, he will willingly submit, allowing you to use his body to relieve stress while he focuses on taking over the city.
